

Yearly Vol Export (m3) vs FOB (Kina) - Last 10 Years

March 2018

Wednesday 6th March 2018

Dear Reader,

Re: EXPORT LOG MONITORING

Please find attached a copy of the SGS PNG monthly report on its log export monitoring activities for the month of December – 2017. A comprehensive range of log export statistical tables and results of the SGS PNG inspection services has been included.

A total of 79 inspections were carried out this month. Of these, serious discrepancies were detected and corrected for 13 shipments. This represents 16 percent of all shipments. The total volume inspected was 268,380 m³ for the month. Logs exported without initially being declared for export by exporters totalled 746 m³. Supplementary declarations by the exporters were required for all these logs, in order to ensure that The State obtained the full financial benefits of the total log export cargoes.

Financial highlights due to export monitoring for this month are as follows:

Additional Log Export Development Levy collectable (K)	3,589
Additional Customs Duty collectable (K)	94,794
Additional Foreign Exchange (K)	191,345
Estimate of Additional Tax Revenue (K)	57,404

The following table summarises the benefits of the monitoring Agreement to Papua New Guinea for the year to date, and the previous two years.

	2015	2016	2017
Direct Project Expenses (K)	8,631,105	7,581,534	7,728,647
Additional Development Levy Payable (K)	145,827	88,067	81,328
Additional Customs Duty Payable (K)	2,670,808	1,619,205	2,333,746
Additional Tax Payable IRC (K, Estimate)	1,751,915	1,166,425	1,345,666
Additional Foreign Exchange (K)	5,839,714	3,889,327	4,818,890
Deterrent Effect (K, additional foreign exch. Estimate)	52,028,824	54,183,992	49,991,106

Note: 2017 figures are for January to December

SGS has noted a significant decrease in discrepancies over time since surveillance services were established in late 1994. This on-going 'deterrent effect' has been estimated by the PNGFA as five per cent of the FOB value of log exports.

When reviewing the export and inspections data, it should be noted that not all shipments inspected during the month were exported before month's end.

5. FCA projects contributed 30 per cent of the total log volumes shipped in 2017, where 15 per cent and 11 per cent of the volumes came from Danfu Blocks and West Sepik FCA 10-03 respectively. (See Graph 6 & 7)
6. Timber Authority (TA) projects contributed only 3 per cent of the total log export volumes, where 22 per cent and 19 per cent of the shipped volumes came from Niagram Road Alignment TA and Archim Forest TA respectively. (See Graph 6 & 8)
7. This year, tau had the highest log shipped volumes of 15.1 per cent of the total export volume, followed by kwila at 9.4 per cent comparing group 1 species. (See Graph 9)
8. Amanab Forest Products Ltd topped the log volume shipped in 2017 from the Amanab Blocks 1-4 FMA project area. (See Graph 10 & 11).

Log Export Statistics **and** **Export Monitoring** **Highlights**

December 2017

1. This Report is a *post facto* summary of log export shipment inspections and log exports for the month of December 2017. Individual Log Inspection Reports (LIRs) have been prepared for each shipment immediately following the completion of loading. The LIR is forwarded directly to the PNGFA Project Supervisor if on site, and to the nominated Boarding Officer for clearance of the vessel. Data in this report are based on the LIRs, and post-shipment/commercial documents submitted by exporting companies, for Log Export Permits issued by the Papua New Guinea Forest Authority (PNGFA).
2. Log exports for the month of December 2017 amounted to 389,245 m³ in 110 shipments, of which 2.9 per cent of the volume was plantation logs (see, Report No. 1). Foreign exchange earnings were equivalent to USD41.42 million, with a local currency value of K130.43 million.
3. Log volumes endorsed in December for export amounted to a total of 295,013 m³, this volume decreased significantly by 40.9 per cent compared to the previous month. (See Report Number 8).
4. Log export duty collectable by the PNG Customs Services total K40.95 million for the month, with an additional K3.02 million payable as export levy (see Report No. 1).
5. The monthly weighted average f.o.b. invoiced price for all saw/veneer rainforest logs was USD108.05/m³ (November 2017: USD98.57/m³), and for all logs was USD106.40/m³ (see Report No. 6). Average prices for the high value species which includes kwila, taun, pencil cedar, calophyllum and PNG mersawa in general remained steady for this month.
6. Rainforest round logs were exported to six countries in December 2017, predominantly to China again (86.9) per cent of the total log export volume, with India taking (6.4) per cent and Korea (2.1) per cent (See Report No. 9).
7. During December 2017, Rimbunan Hijau (PNG) Ltd group of companies dominated log exports with (22.1) per cent of the total volume followed by Bewani Forest Product Ltd (6.8) per cent and Vanimo Jaya Ltd (6.2) per cent. (See Report No. 11 and Report No. 12 for more).
8. Logs were exported from ten provinces during December 2017, dominated by West Sepik (23.1) per cent of the monthly total, followed by West New Britain (17.9) per cent and East New Britain (14.9) per cent. (See Report No. 13).
9. SGS PNG inspectors reported major discrepancies for 35 shipments of logs inspected during December 2017. These discrepancies included 219 logs not declared for export which were loaded onto vessels, and 74 logs for which the species had been mis-declared. (see Report No. 16, page 16-9)

Full details of each discrepancy for each shipment are recorded at site on a 'Notice of Discrepancy' which is countersigned by the Exporter, with a copy to the PNGFA's Project Supervisor at the time of pre-shipment checking or at loading. A copy of the final 'Log Inspection Report' which includes all Notices of Discrepancy is made available to the PNGFA Boarding Officer at the time of clearance of each vessel for sailing.

Also, in accordance with the well-established log inspection practices, for all logs with a mis-declared species code, the Exporters are required to endorse the 'Notice of Discrepancy,' withdraw the log or correct the species code on their log tallies and summaries; and ensure that these changes are incorporated into their invoice documentation. Similarly, for all loaded logs that SGS PNG inspectors detect as being 'undeclared for export,' the Exporters are required to sign a Notice of Discrepancy; make a supplementary declaration of these logs; add the log volumes to their log tallies and summaries; and incorporate the additional volumes into the documentation relating to Bills of Lading, Invoices and Customs Entries for the collection of export duties and levies. By immediately correcting the errors as they are detected by SGS inspectors, the State maximizes its returns from log exports

10. *Updated information on log export quota periods has not yet been made available for the various log export projects, and hence the monitoring of export quotas is not presently practicable (see Report Number 22).*

11. Rimbunan Hijau (PNG) Ltd achieved the higher average FOB prices for the important high value species which includes calophyllum, pencil cedar, PNG mersawa and taun exported in December 2017. Kinmas Investment Ltd achieved the lowest FOB for kwila by a margin of USD40.00. (see Report No. 21 for more details)

12. This month, there were substantial log export permit discrepancies in log volumes loaded for export by various exporters where some discrepancies were well over 600 per cent, including over loading of kwila and taun by 610 and 634 per cent under PNGFA export permit number 1710109 and 1710128 by Wawoi Guavi Timber Co. Ltd and Summit Agriculture Ltd respectively. (see report 19)

13. East Papua Timber Resources Ltd shipped 11.653 m³ (diameter class 30-39 cm) and 1.635 m³ (diameter class 40-49 cm) of plantation teak, under PNGFA permit number 1712008 which had no formal PNGFA approved permits. The company also exported 5.936 m³ of teak (diameter class 30-39 cm) under PNGFA permit number 1711079 had no approved export permit. (see report 19)

14. Eight of the companies that exported logs were very slow to submit post-shipment documents for December 2017, exceeding 50 days to submit documents for a shipment, including Sinaran Papua Ltd (67 days), Niugini International Corporation Ltd (66 days) and G88 Ltd (65 days).

Submission of these documents by these log exporting companies have not improved in their timely compliance. These numbers remain tardy in this respect which has inevitably delayed completion of the monthly statistics and reporting. (See Report No. 20)

15. In December 2017, Summit Agriculture Ltd dominated low-grade log export by 34.4 per cent of the monthly total, and Kerawara Ltd achieved the lowest average fob for low-grade by a margin of USD15.00. (see report 21)

16. This month Rich Forest Ltd, under paid duty and levy by K26,969.00 and K2,705.00 respectively for an export under PNGFA permit number 1710102. (see report 17)

17. DD Investment Ltd also, under paid duty and levy by K129,121.00 and K11,353.00 respectively for an export under PNGFA permit number 1710101. (see report 17)

Monthly Discrepancy Report for Shipments Exported during December / 2017

Date printed: 29/1/2018 2:56:15 PM

The following is a list of discrepancies found as a result of detection of 'undeclared' logs in the export stacks and also logs with mis-identified species, for each shipment of logs exported during the month. Each discrepancy is evaluated for its economic impact in terms of revenue which would have been effectively lost to Papua New Guinea had the discrepancy not been detected.

1. General

(a) Unless otherwise agreed in writing or except where they are at variance with (i) the regulations governing services performed on behalf of governments, government bodies or any other public entity or (ii) the mandatory provisions of local law, all offers or services and all resulting contractual relationship(s) between any of the affiliated companies of SGS SA or any of their agents (each a "Company") and Client (the "Contractual relationship(s)") shall be governed by these general conditions of service (hereinafter the "General Conditions").

(b) The Company may perform services for persons or entities (private, public or governmental) issuing instructions (hereinafter, the "Client").

(c) Unless the Company receives prior written instructions to the contrary from Client, no other party is entitled to give instructions, particularly on the scope of the services or the delivery of reports or certificates resulting therefrom (the "Reports of Findings"). Client hereby irrevocably authorises the Company to deliver Reports of Findings to a third party where so instructed by Client or, at its discretion, where it implicitly follows from circumstances, trade custom, usage or practice.

2. Provision of Services

(a) The Company will provide services using reasonable care and skill and in accordance with Client's specific instructions as confirmed by the Company or, in the absence of such instructions:

(1) the terms of any standard order form or standard specification sheet of the Company; and/or

(2) any relevant trade custom, usage or practice; and/or

(3) such methods as the Company shall consider appropriate on technical, operational and/or financial grounds.

(b) Information stated in Reports of Findings is derived from the results of inspection or testing procedures carried out in accordance with the instructions of Client, and/or our assessment of such results on the basis of any technical standards, trade custom or practice, or other circumstances which should in our professional opinion be taken into account.

(c) Reports of Findings issued further to the testing of samples contain the Company's opinion on those samples only and do not express any opinion upon the lot from which the samples were drawn.

(d) Should Client request that the Company witness any third party intervention, Client agrees that the Company's sole responsibility is to be present at the time of the third party's intervention and to forward the results, or confirm the occurrence, of the intervention. Client agrees that the Company is not responsible for the condition or calibration of apparatus, instruments and measuring devices used, the analysis methods applied, the qualifications, actions or omissions of third party personnel or the analysis results.

(e) Reports of Findings issued by the Company will reflect the facts as recorded by it at the time of its intervention only and within the limits of the instructions received or, in the absence of such instructions, within the limits of the alternative parameters applied as provided for in clause 2(a). The Company is under no obligation to refer to, or report upon, any facts or circumstances which are outside the specific instructions received or alternative parameters applied.

(f) The Company may delegate the performance of all or part of the services to an agent or subcontractor and Client authorises Company to disclose all information necessary for such performance to the agent or subcontractor.

(g) Should Company receive documents reflecting engagements contracted between Client and third parties or third party documents, such as copies of sale contracts, letters of credit, bills of lading, etc., they are considered to be for information only, and do not extend or restrict the scope of the services or the obligations accepted by the Company.

(h) Client acknowledges that the Company, by providing the services, neither takes the place of Client or any third party, nor releases them from any of their obligations, nor otherwise assumes, ridges, abrogates or undertakes to discharge any duty of Client to any third party or that of any third party to Client.

(i) All samples shall be retained for a maximum of 3 months or such other shorter time period as the nature of the sample permits and then returned to Client or otherwise disposed of at the Company's discretion after which time Company shall cease to have any responsibility for such samples. Storage of samples for more than 3 months shall incur a storage charge payable by Client. Client will be billed a handling and freight fee if samples are returned. Special disposal charges will be billed to Client if incurred.

3. Obligations of Client

The Client will:

(a) ensure that sufficient information, instructions and documents are given in due time (and, in any event not later than 48 hours prior to the desired intervention) to enable the required services to be performed;

(b) procure all necessary access for the Company's representatives to the premises where the services are to be performed and take all necessary steps to eliminate or remedy any obstacles to, or interruptions in, the performance of the services;

(c) Supply, if required, any special equipment and personnel necessary for the performance of the services;

(d) ensure that all necessary measures are taken for safety and security of working conditions, sites and installations during the performance of services and will not rely, in this respect, on the Company's advice whether required or not;

(e) inform Company in advance of any known hazards or dangers, actual or potential, associated with any order or samples or testing including, for example, presence or risk of radiation, toxic or noxious or explosive elements or materials, environmental pollution or poisons;

(f) Fully exercise all its rights and discharge all its liabilities under any relevant sales or other contract with a third party and at law.

(c) Client shall not be entitled to retain or defer payment of any sums due to the Company on account of any dispute, counter claim or set off which it may allege against the Company.

(d) Company may elect to bring action for the collection of unpaid fees in any court having competent jurisdiction.

(e) Client shall pay all of the Company's collection costs, including attorney's fees and related costs.

(f) In the event any unforeseen problems or expenses arise in the course of carrying out the services the Company shall endeavour to inform Client and shall be entitled to charge additional fees to cover extra time and cost necessarily incurred to complete the services.

(g) If the Company is unable to perform all or part of the services for any cause whatsoever outside the Company's control including failure by Client to comply with any of its obligations provided for in clause 3 above the Company shall nevertheless be entitled to payment of:

(1) the amount of all non-refundable expenses incurred by the Company; and

(2) a proportion of the agreed fee equal to the proportion of the services actually carried out.

5. Suspension or Termination of Services

Neither the Company nor any of its officers, employees, agents or subcontractors shall be liable to Client nor any third party for any actions taken or not taken on the basis of such Reports of Findings nor for any incorrect results arising from unclear, erroneous, incomplete, misleading or false information provided to the Company.

(3) The Company shall not be liable for any delayed, partial or total non-performance of the services arising directly or indirectly from any event outside the Company's control including failure by Client to comply with any of its obligations hereunder.

(4) The liability of the Company in respect of any claim for loss, damage or expense of any nature and howsoever arising shall in no circumstances exceed a total aggregate sum equal to 10 times the amount of the fee paid in respect of the specific service which gives rise to such claim or US\$20,000 (or its equivalent in local currency), whichever is the lesser.

(5) The Company shall have no liability for any indirect or consequential loss including without limitation loss of profits, loss of business, loss of opportunity, loss of goodwill and cost of product recall. It shall further have no liability for any loss, damage or expenses arising from the claims of any third party (including, without limitation, product liability claims) that may be incurred by the Client.

(6) In the event of any claim, Client must give written notice to the Company within 30 days of discovery of the facts alleged to justify such claim and, in any case, the Company shall be discharged from all liability for all claims for loss, damage or expense unless suit is brought within one year from:

(i) the date of performance by the Company of the service which gives rise to the claim; or

(ii) the date when the service should have been completed in the event of any alleged nonperformance.

7. Miscellaneous
