Dear Reader

Re: EXPORT LOG MONITORING

Please find attached a copy of the SGS PNG monthly report on its log export monitoring activities for the month of December – 2016. A comprehensive range of log export statistical tables and results of the SGS PNG inspection services has been included.

A total of 55 inspections were carried out this month. Of these, serious discrepancies were detected and corrected for 44 shipments. This represents 25 percent of all shipments. The total volume inspected was 251,566 m³ for the month. Logs exported without initially being declared for export by exporters totalled 1,211 m³. Supplementary declarations by the exporters were required for all these logs, in order to ensure that The State obtained the full financial benefits of the total log export cargoes.

Financial highlights due to export monitoring for this month are as follows:

Additional Log Export Development Levy collectable (K)	4,043
Additional Customs Duty collectable (K)	132,004
Additional Foreign Exchange (K)	255,799
Estimate of Additional Tax Revenue (K)	76,740

The following table summarises the benefits of the monitoring Agreement to Papua New Guinea for the year to date, and the previous two years.

	2014	2015	2016
Direct Project Expenses (K)	7,519,295	8,631,105	7,581,534
Additional Development Levy Payable (K)	167,209	145,827	88,067
Additional Customs Duty Payable (K)	2,854,699	2,670,808	1,619,205
Additional Tax Payable IRC (K, Estimate)	1,825,024	1,751,915	1,166,425
Additional Foreign Exchange (K)	5,500,250	5,839,714	3,889,327
Deterrent Effect (K, additional foreign exch. Estimate)	47,597,228	52,028,824	54,183,992

Note: 2016 figures are for January to December

SGS has noted a significant decrease in discrepancies over time since surveillance services were established in late 1994. This on-going 'deterrent effect' has been estimated by the PNGFA as five per cent of the FOB value of log exports.

When reviewing the export and inspections data, it should be noted that not all shipments inspected during the month were exported before month's end.

For any change of address or if you would like to add a name to the mailing list or be removed from the mailing list, please contact the SGS office by email, telephone or fax, at your convenience. Similarly, please advise if you would prefer to receive an email copy of the report instead of a printed copy.

Log Export Statistics **and** **Export Monitoring** **Highlights**

December 2016

1. This Report is a *post facto* summary of log export shipment inspections and log exports for the month of December 2016. Individual Log Inspection Reports (LIRs) have been prepared for each shipment immediately following the completion of loading. The LIR is forwarded directly to the PNGFA Project Supervisor if on site, and to the nominated Boarding Officer for clearance of the vessel. Data in this report are based on the LIRs, and post-shipment/commercial documents submitted by exporting companies, for Log Export Permits issued by the Papua New Guinea Forest Authority (PNGFA).
2. Log exports for the month of December 2016 amounted to 400,871 m³ in 106 shipments, of which 5.1 per cent of the volume was plantation logs (see, Report No. 1). Foreign exchange earnings were equivalent to USD40.78 million, with a local currency value of K126.45 million.
3. Log volumes endorsed in December for export amounted to a total of 279,403 m³, this volume significantly decreased by 65.5 per cent compared to the previous month. (see Report Number 8).
4. Log export duty collectable by the PNG Customs Services total K34.70 million for the month, with an additional K3.04 million payable as export levy (see Report No. 1).
5. The monthly weighted average f.o.b. invoiced price for all saw/veneer rainforest logs was USD103.25/m³ (November 2016: USD107.08/m³), and for all logs was USD101.72/m³ (see Report No. 6). Average prices for the high value species which includes PNG mersawa, kwila, taun, pencil cedar and calophyllum in general all remained steady for this month.
6. Rainforest round logs were exported to five countries in December 2016, predominantly to China again (83.1) per cent of the total log export volume, with Vietnam taking (8.6) per cent, India (3.7) per cent, Korea (3.1) per cent and Philippines (1.4) per cent (See Report No. 9).
7. During December 2016, Rimbunan Hijau (PNG) Ltd group of companies dominated log exports with (25.2) per cent of the total volume followed by Vanimo Jaya Ltd (9.8) per cent and WTK Realty Ltd (7.7) per cent. All the other company exports were below 6 per cent. (see Report No. 11 and Report No. 12 for more).
8. Logs were exported from twelve provinces during December 2016, dominated by East New Britain (25.3) per cent of the monthly total, followed by West Sepik (16.6) per cent, Western (14.2) per cent and West New Britain (11.0) per cent. (see Report No. 13).
9. SGS PNG inspectors reported major discrepancies for 29 shipments of logs inspected during December 2016. These discrepancies included 387 logs not declared for

export which were loaded onto vessels, and 19 logs for which the species had been mis-declared. (see Report No. 16, page 16-7)

Full details of each discrepancy for each shipment are recorded at site on a 'Notice of Discrepancy' which is countersigned by the Exporter, with a copy to the PNGFA's Project Supervisor at the time of pre-shipment checking or at loading. A copy of the final 'Log Inspection Report' which includes all Notices of Discrepancy is made available to the PNGFA Boarding Officer at the time of clearance of each vessel for sailing.

Also, in accordance with the well-established log inspection practices, for all logs with a mis-declared species code, the Exporters are required to endorse the 'Notice of Discrepancy,' withdraw the log or correct the species code on their log tallies and summaries; and ensure that these changes are incorporated into their invoice documentation. Similarly, for all loaded logs that SGS PNG inspectors detect as being 'undeclared for export,' the Exporters are required to sign a Notice of Discrepancy; make a supplementary declaration of these logs; add the log volumes to their log tallies and summaries; and incorporate the additional volumes into the documentation relating to Bills of Lading, Invoices and Customs Entries for the collection of export duties and levies. By immediately correcting the errors as they are detected by SGS inspectors, the State maximizes its returns from log exports

10. Updated information on log export quota periods has not yet been made available for the various log export projects, and hence the monitoring of export quotas is not presently practicable (see Report Number 22).
11. Aset Meriah (PNG) Ltd and Cakara Alam (PNG) Ltd in general achieved the lower average FOB prices for the important high value species which includes calophyllum, pencil cedar, and taun exported in December 2016, while Madang Timbers Ltd achieved the lower fob for kwila by a margin USD15.00. (see Report No. 21 for more details)
12. This month, there were substantial log export permit discrepancies in log volumes loaded for export by various exporters where some discrepancies were well over 500 per cent, including over loading of kwila by 536 per cent under PNGFA export permit number 1611083 by Aset Meriah (PNG) Ltd, and taun by 700 per cent under PNGFA export permit number 1611177 by Wawoi Guavi Timber Co. Ltd. (see report 19)
13. Stettin Bay Lumber Co. Ltd exported plantation teak of 12.571 m³ (dia 00-19 cm), 236.036 m³ (dia 20-29 cm), 151.767 m³ (dia 30-39 cm), 14.671 m³ (dia 40-49 cm) and 2.651 m³ (dia 50-59 cm) under PNGFA export permit number 1611040 had no PNGFA price and volume approvals including 9.485 m³ of terminalia (dia 60 + cm). (see report 19)
14. Also East Papua Timber Resources Ltd shipped 6.584 m³ (dia 30-39 cm) under PNGFA export permit number 1611150 was not approved for export by PNGFA. (see report 19)
15. Three of the companies that exported logs were all very slow to submit post-shipment documents for December 2016, exceeding 50 days to submit documents for a shipment, including Niugini International Corporation Ltd (63 days), East Papua Timber resources Ltd (55 days) and Wawoi Guavi Timber Co. Ltd (53 days).

Submission of these documents by these log exporting companies have not improved in their timely compliance. These numbers remain tardy in this respect which has inevitably delayed completion of the monthly statistics and reporting. (see Report No. 20)

16. In December 2016 DD Investment Ltd under paid duty by K516, 388.00 for a shipment of kwila under PNGFA permit number 1610126, and Jambo Trak Ltd also under paid duty by K63,544.00 for a shipment under PNGFA export permit number 1611087. There was yet again under payment of duty by Viva Success Ltd by K32,535.00 under PNGFA permit number 1611089. (see report 17)

Monthly Discrepancy Report for Shipments Exported during December / 2016

Date printed: 29/01/2017 3:43:23 PM

The following is a list of discrepancies found as a result of detection of 'undeclared' logs in the export stacks and also logs with mis-identified species, for each shipment of logs exported during the month. Each discrepancy is evaluated for its economic impact in terms of revenue which would have been effectively lost to Papua New Guinea had the discrepancy not been detected.

GENERAL CONDITIONS OF SERVICE

1. General

(a) Unless otherwise agreed in writing or except where they are at variance with (i) the regulations governing services performed on behalf of governments, government bodies or any other public entity or (ii) the mandatory provisions of local law, all offers or services and all resulting contractual relationship(s) between any of the affiliated companies of SGS SA or any of their agents (each a "Company") and Client (the "Contractual relationship(s)") shall be governed by these general conditions of service (hereinafter the "General Conditions").

(b) The Company may perform services for persons or entities (private, public or governmental) issuing instructions (hereinafter, the "Client").

(c) Unless the Company receives prior written instructions to the contrary from Client, no other party is entitled to give instructions, particularly on the scope of the services or the delivery of reports or certificates resulting therefrom (the "Reports of Findings"). Client hereby irrevocably authorises the Company to deliver Reports of Findings to a third party where so instructed by Client or, at its discretion, where it implicitly follows from circumstances, trade custom, usage or practice.

2. Provision of Services

(a) The Company will provide services using reasonable care and skill and in accordance with Client's specific instructions as confirmed by the Company or, in the absence of such instructions:

(1) the terms of any standard order form or standard specification sheet of the Company; and/or

(2) any relevant trade custom, usage or practice; and/or

(3) such methods as the Company shall consider appropriate on technical, operational and/or financial grounds.

(b) Information stated in Reports of Findings is derived from the results of inspection or testing procedures carried out in accordance with the instructions of Client, and/or our assessment of such results on the basis of any technical standards, trade custom or practice, or other circumstances which should in our professional opinion be taken into account.

(c) Reports of Findings issued further to the testing of samples contain the Company's opinion on those samples only and do not express any opinion upon the lot from which the samples were drawn.

(d) Should Client request that the Company witness any third party intervention, Client agrees that the Company's sole responsibility is to be present at the time of the third party's intervention and to forward the results, or confirm the occurrence, of the intervention. Client agrees that the Company is not responsible for the condition or calibration of apparatus, instruments and measuring devices used, the analysis methods applied, the qualifications, actions or omissions of third party personnel or the analysis results.

(e) Reports of Findings issued by the Company will reflect the facts as recorded by it at the time of its intervention only and within the limits of the instructions received or, in the absence of such instructions, within the limits of the alternative parameters applied as provided for in clause 2(a). The Company is under no obligation to refer to, or report upon, any facts or circumstances which are outside the specific instructions received or alternative parameters applied.

(f) The Company may delegate the performance of all or part of the services to an agent or subcontractor and Client authorises Company to disclose all information necessary for such performance to the agent or subcontractor.

(g) Should Company receive documents reflecting engagements contracted between Client and third parties or third party documents, such as copies of sale contracts, letters of credit, bills of lading, etc., they are considered to be for information only, and do not extend or restrict the scope of the services or the obligations accepted by the Company.

(h) Client acknowledges that the Company, by providing the services, neither takes the place of Client or any third party, nor releases them from any of their obligations, nor otherwise assumes, ridges, abrogates or undertakes to discharge any duty of Client to any third party or that of any third party to Client.

(i) All samples shall be retained for a maximum of 3 months or such other shorter time period as the nature of the sample permits and then returned to Client or otherwise disposed of at the Company's discretion after which time Company shall cease to have any responsibility for such samples. Storage of samples for more than 3 months shall incur a storage charge payable by Client. Client will be billed a handling and freight fee if samples are returned. Special disposal charges will be billed to Client if incurred.

3. Obligations of Client

The Client will:

(a) ensure that sufficient information, instructions and documents are given in due time (and, in any event not later than 48 hours prior to the desired intervention) to enable the required services to be performed;

(b) procure all necessary access for the Company's representatives to the premises where the services are to be performed and take all necessary steps to eliminate or remedy any obstacles to, or interruptions in, the performance of the services;
