Dear Reader,

Re: EXPORT LOG MONITORING

Please find attached a copy of the SGS PNG monthly report on its log export monitoring activities for the month of December - 2009. A comprehensive range of log export statistical tables and results of the SGS PNG inspection services has been included.

A total of 62 inspections were carried out this month. Of these, serious discrepancies were detected and corrected for 44 shipments. This represents 71 percent of all shipments. The total volume inspected was 216,727 m3. Logs exported without initially being declared for export by exporters totalled 2,496 m3 for the month. Supplementary declarations by the exporters were required for all these logs, in order to ensure that The State obtained the full financial benefits of the total log export cargoes.

Financial highlights due to export monitoring for this month are as follows :-

Additional Log Export Development Levy collectable (K)	19,965
Additional Customs Duty collectable (K)	256,078
Additional Foreign Exchange (K)	584,939
Estimate of Additional Tax Revenue (K)	175,482

The following table summarises the benefits of the monitoring Agreement to Papua New Guinea for the year to date, and the previous two years.

	2007	2008	2009
Direct Project Expenses (K)	6,710,695	6,738,913	5,859,004
Additional Development Levy payable (K)	383,420	412,925	219,793
Additional Customs Duty Payable (K)	4,058,119	4,307,585	2,584,104
Additional Tax Payable IRC (K, Estimated)	3,074,321	3,391,864	1,886,698
Additional Foreign Exchange (K)	0,247,736	11,306,212	6,288,993
Deterrent Effect (K, additional foreign exch. estimate)	28,529,436	23,393,836	21,964,443

Note : 2009 Figures are for the months January to December

SGS has noted a significant decrease in discrepancies over time since surveillance services were established in late 1994. This on-going 'deterrent effect' has been estimated by the PNGFA as five per cent of the FOB value of log exports.

When reviewing the export and inspections data, it should be noted that not all shipments inspected during the month were exported before month's end.

For any change of address or if you would like to add a name to the mailing list or be removed from the mailing list, please contact the SGS office by email, telephone or fax, at your convenience. Log Export Statistics **and** **Export Monitoring** **Highlights**

December 2009

1. This Report is a *post facto* summary of log export shipment inspections and log exports for the month of December 2009. Individual Log Inspection Reports (LIRs) have been prepared for each shipment immediately following the completion of loading. The LIR is forwarded directly to the PNGFA Project Supervisor if on site, and to the nominated Boarding Officer for clearance of the vessel. Data in this report are based on the LIRs, and post-shipment/commercial documents submitted by exporting companies, for Log Export Permits issued by the Papua New Guinea Forest Authority (PNGFA).
2. Log exports for the month of December 2009 amounted to 286,504 m³ in 79 shipments, of which 1.9 per cent of the volume was plantation logs (see Report No. 1). Foreign exchange earnings were equivalent to USD24.41 million, with a local currency value of K62.23 million.
3. Log volumes endorsed in December for export amounted to a total of 317,078 m³, this volume increased significantly by 21.7 per cent compared to the previous month. (see Report Number 8).
4. Log export duty collectable by the Internal Revenue Commission totaled K17.48 million for the month, with an additional K2.25 million payable as export levy (see Report No. 1).
5. The monthly weighted average f.o.b. invoiced price for all saw/veneer rainforest logs was USD87.02/m³ (November 2009: USD77.22/m³), and for all logs was USD85.20/m³ (see Report No. 6). Average prices moved higher for almost all species in December 2009 for all logs.
6. Rainforest round logs were exported to four countries in December 2009, predominantly to China (89.5 per cent of the total log export volume) (90 per cent in November 2009) with minor volumes going to Korea (4 per cent), India (5.7 per cent) and Taiwan (0.8 per cent). (See Report No. 9).
7. Rainforest low grade logs in the total exports have been increasing since August 2009. In December 2009, low grade rainforest round logs were exported to two countries only, predominantly to China again (79 per cent) and Korea (21 per cent). (See Report No. 9)
8. In December 2009, Plantation log grade were exported to China only.(100 per cent) (See Report No. 9).
9. During December 2009, the Rimbunan Hijau (PNG) Ltd group of companies dominated log exports again, with 30.7 per cent of the total volume, followed by WTK Realty Ltd (14.6 per cent) and Vanimo Jaya Ltd (10.5 per cent) (see Report No. 11 and Report No. 12).

10. Logs were exported from 8 provinces during December, dominated by West New Britain (26 per cent of the monthly total), West Sepik (22 per cent) and Western (17 per cent) (see Report No. 13).
11. SGS PNG inspectors reported major discrepancies for 62 shipments of logs inspected during December 2009. These discrepancies included 1084 logs not declared for export which were loaded onto vessels, and 348 logs for which the species had been mis-declared (see Report No. 16, page 16-16)

Full details of each discrepancy for each shipment are recorded at site on a 'Notice of Discrepancy' which is countersigned by the Exporter, with a copy to the PNGFA's Project Supervisor at the time of pre-shipment checking or at loading. A copy of the final 'Log Inspection Report' which includes all Notices of Discrepancy is made available to the PNGFA Boarding Officer at the time of clearance of each vessel for sailing.

Also, in accordance with the well-established log inspection practices, for all logs with a mis-declared species code, the Exporters are required to endorse the 'Notice of Discrepancy;' withdraw the log or correct the species code on their log tallies and summaries; and ensure that these changes are incorporated into their invoice documentation. Similarly, for all loaded logs that SGS PNG inspectors detect as being 'undeclared for export,' the Exporters are required to sign a Notice of Discrepancy; make a supplementary declaration of these logs; add the log volumes to their log tallies and summaries; and incorporate the additional volumes into the documentation relating to Bills of Lading, Invoices and Customs Entries for the collection of export duties and levies. By immediately correcting the errors as they are detected by SGS inspectors, the State maximises its returns from log exports

12. The Rimbunan Hijau (PNG) Ltd group of companies achieved some of the higher average FOB prices for all of the important high value species exported in December 2009. (calophyllum, pencil cedar, PNG mersawa, kwila and taun) by a margin of USD 5/ m³ or over.
13. Two companies were very slow to submit post-shipment documents for December log exports, exceeding 50 days to submit documents for a shipment each by Frontier Holdings Ltd, (73 days) and Niugini Lumber Merchants Ltd (58 days) (see Report No. 20).
14. Updated information on log export quota periods has not yet been made available for the various log export projects, and hence the monitoring of export quotas is not presently practicable (see Report Number 22)

Monthly Discrepancy Report for Shipments Exported during December - 2009

Date printed: 29-01-10 3:34:14 PM

The following is a list of discrepancies found as a result of detection of 'undeclared' logs in the export stacks and also logs with mis-identified species, for each shipment of logs exported during the month. Each discrepancy is evaluated for its economic impact in terms of revenue which would have been effectively lost to Papua New Guinea had the discrepancy not been detected.

(a) Unless otherwise agreed in writing or except where they are at variance with (i) the regulations governing services performed on behalf of governments, government bodies or any other public entity or (ii) the mandatory provisions of local law, all offers or services and all resulting contractual relationship(s) between any of the affiliated companies of SGS SA or any of their agents (each a "Company") and Client (the "Contractual relationship(s)") shall be governed by these general conditions of service (hereinafter the "General Conditions").

(b) The Company may perform services for persons or entities (private, public or governmental) issuing instructions (hereinafter, the "Client").

(c) Unless the Company receives prior written instructions to the contrary from Client, no other party is entitled to give instructions, particularly on the scope of the services or the delivery of reports or certificates resulting therefrom (the "Reports of Findings"). Client hereby irrevocably authorises the Company to deliver Reports of Findings to a third party where so instructed by Client or, at its discretion, where it implicitly follows from circumstances, trade custom, usage or practice.

2. Provision of Services

(a) The Company will provide services using reasonable care and skill and in accordance with Client's specific instructions as confirmed by the Company or, in the absence of such instructions:

(1) the terms of any standard order form or standard specification sheet of the Company; and/or

(2) any relevant trade custom, usage or practice; and/or

(3) such methods as the Company shall consider appropriate on technical, operational and/or financial grounds.

(b) Information stated in Reports of Findings is derived from the results of inspection or testing procedures carried out in accordance with the instructions of Client, and/or our assessment of such results on the basis of any technical standards, trade custom or practice, or other circumstances which should in our professional opinion be taken into account.

(c) Reports of Findings issued further to the testing of samples contain the Company's opinion on those samples only and do not express any opinion upon the lot from which the samples were drawn.

(d) Should Client request that the Company witness any third party intervention, Client agrees that the Company's sole responsibility is to be present at the time of the third party's intervention and to forward the results, or confirm the occurrence, of the intervention. Client agrees that the Company is not responsible for the condition or calibration of apparatus, instruments and measuring devices used, the analysis methods applied, the qualifications, actions or omissions of third party personnel or the analysis results.

(e) Reports of Findings issued by the Company will reflect the facts as recorded by it at the time of its intervention only and within the limits of the instructions received or, in the absence of such instructions, within the limits of the alternative parameters applied as provided for in clause 2(a). The Company is under no obligation to refer to, or report upon, any facts or circumstances which are outside the specific instructions received or alternative parameters applied.

(f) The Company may delegate the performance of all or part of the services to an agent or subcontractor and Client authorises Company to disclose all information necessary for such performance to the agent or subcontractor.

(g) Should Company receive documents reflecting engagements contracted between Client and third parties or third party documents, such as copies of sale contracts, letters of credit, bills of lading, etc., they are considered to be for information only, and do not extend or restrict the scope of the services or the obligations accepted by the Company.

(h) Client acknowledges that the Company, by providing the services, neither takes the place of Client or any third party, nor releases them from any of their obligations, nor otherwise assumes, ridges, abrogates or undertakes to discharge any duty of Client to any third party or that of any third party to Client.

(i) All samples shall be retained for a maximum of 3 months or such other shorter time period as the nature of the sample permits and then returned to Client or otherwise disposed of at the Company's discretion after which time Company shall cease to have any responsibility for such samples. Storage of samples for more than 3 months shall incur a storage charge payable by Client. Client will be billed a handling and freight fee if samples are returned. Special disposal charges will be billed to Client if incurred.

3. Obligations of Client

The Client will:

(a) ensure that sufficient information, instructions and documents are given in due time (and, in any event not later than 48 hours prior to the desired intervention) to enable the required services to be performed;

(b) procure all necessary access for the Company's representatives to the premises where the services are to be performed and take all necessary steps to eliminate or remedy any obstacles to, or interruptions in, the performance of the services;

(c) Supply, if required, any special equipment and personnel necessary for the performance of the services;

(d) ensure that all necessary measures are taken for safety and security of working conditions, sites and installations during the performance of services and will not rely, in this respect, on the Company's advice whether required or not;

(e) inform Company in advance of any known hazards or dangers, actual or potential, associated with any order or samples or testing including, for example, presence or risk of radiation, toxic or noxious or explosive elements or materials, environmental pollution or poisons;

(f) Fully exercise all its rights and discharge all its liabilities under any relevant sales or other contract with a third party and at law.

(c) Client shall not be entitled to retain or defer payment of any sums due to the Company on account of any dispute, counter claim or set off which it may allege against the Company.

(d) Company may elect to bring action for the collection of unpaid fees in any court having competent jurisdiction.

(e) Client shall pay all of the Company's collection costs, including attorney's fees and related costs.

(f) In the event any unforeseen problems or expenses arise in the course of carrying out the services the Company shall endeavour to inform Client and shall be entitled to charge additional fees to cover extra time and cost necessarily incurred to complete the services.

Neither the Company nor any of its officers, employees, agents or subcontractors shall be liable to Client nor any third party for any actions taken or not taken on the basis of such Reports of Findings nor for any incorrect results arising from unclear, erroneous, incomplete, misleading or false information provided to the Company.

(3) The Company shall not be liable for any delayed, partial or total non-performance of the services arising directly or indirectly from any event outside the Company's control including failure by Client to comply with any of its obligations hereunder.

(4) The liability of the Company in respect of any claim for loss, damage or expense of any nature and howsoever arising shall in no circumstances exceed a total aggregate sum equal to 10 times the amount of the fee paid in respect of the specific service which gives rise to such claim or US\$20,000 (or its equivalent in local currency), whichever is the lesser.

(5) The Company shall have no liability for any indirect or consequential loss including without limitation loss of profits, loss of business, loss of opportunity, loss of goodwill and cost of product recall. It shall further have no liability for any loss, damage or expenses arising from the claims of any third party (including, without limitation, product liability claims) that may be incurred by the Client.

(6) In the event of any claim, Client must give written notice to the Company within 30 days of discovery of the facts alleged to justify such claim and, in any case, the Company shall be discharged from all liability for all claims for loss, damage or expense unless suit is brought within one year from:

(i) the date of performance by the Company of the service which gives rise to the claim; or

(ii) the date when the service should have been completed in the event of any alleged nonperformance.

7. Miscellaneous

(a) If any one or more provisions of these General Conditions are found to be illegal or unenforceable in any respect, the validity, legality and enforceability of the remaining provisions shall not in any way be affected or impaired thereby.

(b) During the course of providing the services and for a period of one year thereafter Client shall not directly or indirectly entice, encourage or make any offer to Company's employees to leave their employment with the Company.
