Dear Reader

Re: EXPORT LOG MONITORING

Please find attached a copy of the SGS PNG monthly report on its log export monitoring activities for the month of December – 2013. A comprehensive range of log export statistical tables and results of the SGS PNG inspection services has been included.

A total of 49 inspections were carried out this month. Of these, serious discrepancies were detected and corrected for 19 shipments. This represents 39 percent of all shipments. The total volume inspected was 175,194 m³ for the month. Logs exported without initially being declared for export by exporters totalled 2,287 m³. Supplementary declarations by the exporters were required for all these logs, in order to ensure that The State obtained the full financial benefits of the total log export cargoes.

Financial highlights due to export monitoring for this month are as follows:

Additional Log Export Development Levy collectable (K)	16,075
Additional Customs Duty collectable (K)	315,549
Additional Foreign Exchange (K)	642,220
Estimate of Additional Tax Revenue (K)	192,666

The following table summarises the benefits of the monitoring Agreement to Papua New Guinea for the year to date, and the previous two years.

	2011	2012	2013
Direct Project Expenses (K)	7,086,024	6,550,176	7,489,752
Additional Development Levy Payable (K)	215,829	199,685	193,851
Additional Customs Duty Payable (K)	3,158,259	2,594,014	2,930,325
Additional Tax Payable IRC (K, Estimate)	2,139,694	1,801,907	1,873,754
Additional Foreign Exchange (K)	7,162,327	6,006,356	6,245,844
Deterrent Effect (K, additional foreign exch. estimate)	36,603,622	29,700,314	36,207,938

Note: 2013 figures are for January to December

SGS has noted a significant decrease in discrepancies over time since surveillance services were established in late 1994. This on-going 'deterrent effect' has been estimated by the PNGFA as five per cent of the FOB value of log exports.

When reviewing the export and inspections data, it should be noted that not all shipments inspected during the month were exported before month's end.

For any change of address or if you would like to add a name to the mailing list or be removed from the mailing list, please contact the SGS office by email, telephone or fax, at your convenience. Similarly, please advise if you would prefer to receive an email copy of the report instead of a printed copy.

Yours faithfully

Monthly Discrepancy Report for Shipments Exported during December / 2013

Date printed: 29/01/14 10:42:33 AM

The following is a list of discrepancies found as a result of detection of 'undeclared' logs in the export stacks and also logs with mis-identified species, for each shipment of logs exported during the month. Each discrepancy is evaluated for its economic impact in terms of revenue which would have been effectively lost to Papua New Guinea had the discrepancy not been detected.
